WorkForce Unlimited places part-time and full-time industrial, call center, and clerical staff primarily in manufacturing and distribution companies.

AREVO Professional places contract and direct hire positions in corporate and professional positions, with a specialization in IT and engineering.

AREVO Management Group provides outsourced back-office employee-related functions including HR, leadership development, payroll and IT.

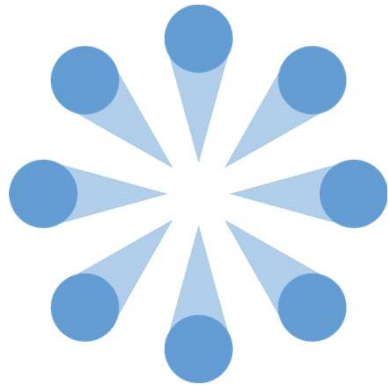

About WorkForce Unlimited

WorkForce Unlimited is part of AREVO Group, a family of companies driving a recruiting evolution that focuses on success for both our clients and candidates.

We place part-time and full-time positions ranging from industrial staff to call center and clerical positions primarily in manufacturing and distribution companies.

What Makes WorkForce Different?

Benefits Program

Our unique benefits program gives our temp employees medical, paid holidays and bonuses, helping us recruit and keep the best talent for our clients.

**Loyal workforce & larger pool
of talent**

Local Offices

Large enough to serve our clients' most complex needs, but with the flexibility and high-touch service of a local company, we find creative solutions to address today's talent challenges.

11 Local Market Offices

We leverage technology without losing the human touch, resulting in a better overall client and candidate experience.

IT & Engineering Specialists

AREVO is short for “A Recruiting Evolution” which describes our unique approach to solving our client’s staffing challenges.

Experience recruiting professionals – Our dynamic team has over 20 years of recruiting experience on average. This means you have long-term, consistent support with a trusted advisor.

Our cutting-edge fulfillment process – AREVO Professional has developed a proprietary process proven to result in faster and more qualified submissions, greater retention, and better long-term results.

Skill set specialization – Our recruiters each specialize in specific IT skill sets, increases our ability to find the right candidate.

Managed Services

Project Teams

Team deployments for focused projects

Project Based Deliverables (SOW)

Scope of work defines time-bound deliverables
